

Sales Director

John / Jane Doe

Introduction

I guess to start off I am an engineer in the Tech industry. I'm definitely not a picky eater and I love to try new restaurants. I am a very scheduled person so I would like to be able to schedule deliveries. I'm busy so I can't make my own food so I eat out for lunch a lot. I like to eat healthy but put a good looking pizza or sandwich in front of me and I'll devour it.
